RE: Information update regarding claims occurring August 10, 2020.

It has almost been a year since the Derecho caused damage to our community. Many of you have completed repairs, while many are still working toward completion. With this in mind, West Side Mutual Insurance Association has extended the policy provisions to file suit and make a claim for recoverable depreciation to November 10, 2021, for claims associated with the Derecho. If more time is needed to make a claim on the recoverable depreciation, please submit a signed contract with your contractor and an estimated completion date. This can be sent to [claims@westsidemutual.com](mailto:claims@westsidemutual.com).

We appreciate your patience and working with us through this catastrophe. Let us know of any questions.

Thank you,

West Side Mutual Insurance Association
